Memo

Secretary's order dt 2.1.02

"Please submit this with a full note of the contents of the file."

Letter no 464 dated the 20th December 1901 from the President of the Mysore City Municipal Commissioners recommending that the pay of the Senior Pandit (Kampu Rama Panditaru) of the Indegenious Hospital may be raised from Rs 40/- to 60/-

---

At the meeting of the City Municipal Board, Mysore, convened on the 19th December 1891, Mr. Subbarayar proposed the opening of an Indegenious Hospital in the City. The Commissioners resolved that "an Indegenious Hospital be established", the cost being met from the Municipal and District Funds in the proportion of 1/3 and 2/3

Sl no in L-177892

respectively as in the case of other dispensaries in the city.

2. Detailed information regarding the establishment for such an institution having been called for, the President submitted the letters from Mr. Subbarayar, the mover of the proposition, furnishing the required information, and added that a Hakeem and a compounder to assist him on Rs 15/- and 6/- respectively might be attached to the hospital with advantage.

3. The total establishment charges, as thus proposed, amounted to Rs 117/- per month as detailed below:-

Pandit to be in charge of the Hospital - - Rs 25
One Assistant to supervise the preparation of medicines

3

		Rs
2	Two compounders @ 7 each	14
4	One peon	5
5	Medicine charges	30
6	House rent	10
7	Hakeem	15
8	Compounder	
		Rs 117

4. Before sanctioning the establishment of the institution, however, the Govt wished to be informed whether such an institution could be worked satisfactorily without the supervision and control of an officer of the Medical department, and if not, what arrangements were proposed to admit the medicinal preparation and treatment of patients in the Hospital being supervised by a responsible medical officer of Government (Vide st no 5 in L.J. 79-92)

5. In reply, the then

President Mr Rangaswamy Iyengar stated that the opinions of the two gentlemen Messrs Subbarayar and Pundit Amrith Pandit, who advocated the establishment of the Hospital in question, were somewhat conflicting, that while the former strongly advocated the active supervision by an officer of the medical department, the latter held that no such supervision was necessary and that he had, however, no objection to an official of the medical department exercising general superintendence and watching the treatment of patients without interfering in the treatment employed or in any way concerning any medicines which

5

which might be prescribed by the vaidyas. The question being a delicate one, the President left to Government to define the powers of the officer of the Medical department who might be appointed to watch the progress of the institution, premising only (1) that the patients should be free to take medicine from such of the Hakeems or vaidyas employed in the Hospital as they like, (2) that the said Hakeem or Vaidya should be at liberty to pursue his own treatment without let or hindrance so long as the patient remained under his treatment, (3) that the medical officer should be able to record the nature of each patient's case, the treatment employed and the

result of such treatment and b, that he might also be entitled to advise the Executive officer of the Board to interfere in any case in which he might be of opinion that the treatment employed was likely to be injurious to the patient. (Please see Principal's letter no 357 & 10.7.1892).

sl no 6

6. In July 1892 Govt sanctioned the proposal of ~~establishing~~ an experimental measure and appointed Ranganaya Pillay, Senior Hospital assistant, "to watch the preparation of the medicines and note the results", with the observation that "he will not ordinarily interfere with the dispensing of medicine,

sl no 8 (Proc no 1572-S. & K-379-92 of 28/7/92

7

but whenever he considers that any medicine proposed to be administered is dangerous to human life, he will have power to stop it and his orders must be obeyed".

Sl no 14

7. In October 1892 the President proposed certain variations in the sanctioned scale of establishment which he considered necessary for the better working of the Hospital. The arrangement was to do away with the services of one of two compounders @ 7 and to appoint instead two coolies @ 4 each, reducing the pay of the Hakeem's compounder by one rupee. The revised scale of

establishment, which involved no additional charge, was sanctioned in Govt Proc: no. 6271-3/79-92 dy 4th November 1892.

8. In June 1893 the Senior Hospital Assistant reported in his letter addressed to the Dy: Commissioner that the Hospital was growing in popularity and furnished several returns to support that statement. (Please see sl no. 23/A). In September 1893 the President solicited sanction to the Board's recommendation to raise the pay of the Hakeem from Rs 15 to Rs 25/- and to grant increases to certain other menial servants of the Hospital.

9. Government, having been quite satisfied with the good

9

* Municipal funds and L.F. Govt in the proportion of 1/3d 2/3 respectively. (Sl no 28)

		Rs
1	Pandit in charge.	25
2	Assistant Pandit	12
3	Compounder	7
4	Peon	5
5	Hakeem	25
6	Compounder	7

8	Maid servant	5
9	Medicine	60
10	House rent	10
11	Charge allowance to Hospital Assistant	15
	Rs	186

good work the Hospital has been doing sanctioned the Board's recommendation, and directed the charge being met from *

(6) The scale of establishment finally sanctioned then was as noted in the + margin.

(11) In September 1894 Kempurama Pandit ~~was~~ applied to the Board for an increase. The Board resolved as follows:-

"That an increase of Rs 15 be recommended for the favourable consideration ~~of~~ and sanction of Government as the present pay of Kempurama Pandit ~~is~~ is inadequate for his services and as he has been obliged to give up all his private practice owing to his heavy work". (Please see Boards resolution of 20th Septr 1894 - Sl no 31/a)

12. The President having submitted the Board's recommendation for ~~grant~~ sanction, Government observed that the Native Physician referred to and the Hakeem of the Unani Branch of the Hospital drew the same pay of Rs 25/- per month and that it was proposed to raise the pay of the former only although the statistics ~~were to show~~ ~~back~~ for the previous 8 months went to show that the number of patients treated by the Pandit was much less than that treated by the Hakeem, and that it would accordingly be invidious to allow more pay to the Pandit ~~than~~ than the Hakeem.

10

13. The Board, nevertheless, resolved to address the Government again on the subject as they considered it improper to go entirely on the number of patients treated. In submitting the Boards' resolution, Mr. Rangaswamy Iyengar, the then President, agreed with them that the number of patients treated was not a criterion by which the work of the Pandit could be judged, and added as follows: —

> "Kempuraona Panditar is an able native physician and had extensive practice in the town before joining this institution. He accepted the appointment though his earning was much more than what he now gets

from the municipality,
under the impression that
his private practice
would not suffer. But
his work in the dispensary
is so heavy that he
had no time for any
private engagements. He
is therefore anxious to
give up his appoint-
ment and to take up
his private practice
if his pay is not
raised. But it is
not only not possible
to secure the services of
another medical prac-
titioner of Kamparama
Pandit's capacity for
so small a pay, but,
I am afraid, that
the high popularity
which the institution
now enjoys may also
suffer."

12

13

14. Govt sanctioned the Boards' recommendation in Progs: no 1127-9/79-92 dy 20.12.94 and directed that the charge should be met from the Municipal Funds and the L.F. General in the proportion of 1/3 & 2/3 respectly. Thus the Pandits pay was raised from Rs 25 to 40/-

15. In July 1895 the Hakeems in turn followed suit and applied for increase. The District Fund Board took up his cause and the Municipal Board consented to bear 1/3 cost as usual. Govt accordingly sanctioned the ~~fo~~ proposal.

16. On the recommendation of the City Municipal Board Government ~~approv~~ revised the scale of establishment of the Hospital in their Progs: no 1640-1/79-92 dy 3.7.1898.

and again in Progs: no

5242-5 & the 13th October 1900 S. no. 51 50
279-92
owing to the death of the
Senior Hakeem

17 The existing scale of establishment is as follows:-

1	Pandit in charge -	40
2	Assistant Pandit -	15
3	Compounder -	10
4	Peon - -	6
5	Hakeem - -	25
6	Assistant Hakeem -	15
7	Compounders - -	10
8	Coolies 4 @ 6 - -	24
9	Medicine - -	60
10	House rent	10
		Rs 215

A third of the cost is debited to the City Municipal Funds and the rest to the Local Funds General.

Secretary to the Govt of Mysore
General and Revenue depts.

Sir,

I have the honor to submit herewith a copy of Resolution of the Board, of 30th November 1901 recommending that the pay of Rama Pandit of the Indigenous Hospital at mysore, who now receives Rs 40/-, may be raised to Rs 60/- per mensem.

The Pandit before he joined the appointment, had an extensive practice in the city and after a good deal of persuasion, he accepted the post with the laudable object of giving a good start to the institution, which has for its object the revival of Hindu pharmacy. Much of the success attended by this institution, is due to Rama Pandit who is very popular in the city.

Besides attending to the Hospital work, he has now to devote extra

extra hours to teaching Students in Hindu Medicine, for which he gets no allowance. I therefore Consider that he deserves encouragement and re-quest that you will be so good as to obtain the sanction of Government for the increase of pay as proposed by the Board. The extra charge will be borne by the Municipality and the Local Fund Board in the proportion of $\frac{1}{3}$rd and $\frac{2}{3}$rds respec-tively.

I General

Sir,

With reference to your no 11800 dated 18th January 1902 last, I have the honor to report that the increase to the pay of native Pandit now proposed, is intended more to recoup what the Pandit would have otherwise earned by private practice and which he has had to forego in consequence of his employment in the Indigenous Hospital. When the Pandit was entered there was no condition imposed that he should instruct medical pupils.

The Statement made in this office letter no 464 dated 20th December 1901 "that besides attending to Hospital work" "he (Pandit) has now to devote extra hours" "to teach the Students in Hindu Medicine" "for which he gets no allowance", refers to the 5 Stipendiary medical pupils who are now under instructions and whose Scholarships are being borne by the

Enclosure No.

Mysore Deputy Commissioner's Office,
Municipal and Local Funds Branch,
Dated 17th May 1902.

To

H. V. Nanjundiah, Esquire, M.A., M.L.,
Secretary to the Government of Mysore,
Revenue and General departments.

Sir,

With reference to your docket No. 16917
L.779-1892
of the 17th April 1902, calling for further information in regard to the increase of pay to Kempadama Pundit of the Indigenous Hospital at Mysore, I regret that a mistake crept into the City Municipal office letter No. 734 of the 27th March 1902, in which it was stated that "besides attending to Hospital work, he (Pundit) has now to devote extra hours to teach the students in Hindu Medicine for which he gets no allowance". The scholarship to the students has been discontinued since the 1st November 1901, as ordered in Government order No. 12575-6
L.7344-96
of the 23rd March 1901, and their final examination will take place during

the

The first week of the next month, and the results will be duly reported to Govern-
-ment.

2. The Pundit deserves to get the increase re-
-commended as it will in a measure re-
-compense him for the loss of the income which he would have otherwise earned by private practice. I also learn that he was brought to the Hospital, on a promise that his prospects would be bettered, if the insti-
-tution proved a success. Much of the success attending it is due to his exertion. He was promoted to Rs 40/: his present pay in 1894. Since then he has had no promotion. Under these circumstances, I beg to re-
-commend that his pay may be increased to Rs 60/: per month.

I have the honor to be,
Sir,
Your most obedient Servant,

G. Padmanabhaiyangar
